About the package:

Our guaranteed daily electricity is derived from solar and the package consists of solar panels, batteries and inverters to ensure uninterrupted electricity 24 hours daily. All our solar panels are installed by qualified engineers and come with one year guarantee and maintenance.

How to pay (via an account on Sterling OnePay):

1. Download Sterling OnePay on your android/IOS device
2. Select "sign up"
3. Select "I don't have a Sterling Bank Account"
4. Input BVN. Customers that do not have BVN can visit our OIS(Online Integrated Solutions) centres via www.sterling.ng/diaspora.
5. Input personal information
6. Complete the "let's create your profile page" by inputting your unique Username, Password, Transaction Pin and security questions and select continue
7. Your account number will immediately be generated and sent to you.
8. You will then need to send these documents (*1 passport photograph, Valid int'l passport, Signature specimen [affix your signature on a plain paper and scan], Nigeria contact address, name of contact and phone number*) to:
sterlingdiasporadesk@sterling.ng.
9. You can then start to pay for your dPower Solar Home System.

Payment Plan:

1. **Full payment** - You can make a down payment for the system you want through your Sterling Bank Account or any other nominated account.
2. **Instalmental Payment** - Pay up to 80% of the price of your system within 6 months into your Sterling Bank Account and we will carry out the installation and you can pay the remaining 20 percent within 2 months.
3. Payment can be made in Naira or in US Dollars.
4. Refer any one else and you get 5% discount!!!
